Ask a participant to read them aloud from the workbook.

Ensure that the objectives are clear to all participants.

# 1

## Introduction

Thank participants for their participation and willingness to learn. It was a great pleasure for the entire group of instructors.

The class benefited from all the participation and a higher level of learning was achieved.

Congratulate the participants for working well together in their practical stations, particularly with the final practical exercise.

## Instructor Activity

**2****Development**

Answer any questions and resolve issues from all lessons. Instructors in particular lessons will answer the questions.

- ▶ The Course Coordinator will act as the moderator.
- ▶ Review the file and answer issues, if any.
- ▶ **Lesson 13:** The Course Coordinator or the instructor assigned as the Final Practical Exercise Coordinator will be responsible for facilitating this part and will briefly describe the details of the exercise, its system, scenario, its evaluation and any other issues. The information to be given are confined to the following points. Be cautious not to use much time in giving information
  - Groupings and their responsibility tasking
  - Alerting and giving scenario to groups
  - Evaluation system (review the form)
  - Exercise phases (brief as this will be covered prior to the start of the exercise)
- ▶ Remind the participants to fill the course evaluation to submit the next day.

**3****Close**

“This review has covered all of the lessons throughout the course. We hope you have taken advantage of this review to have all your questions answered and any issues cleared up. Good luck on succeeding evaluations – later with the final written evaluation and tomorrow for the final practical exercise.”
